

Ameren Missouri Heating and Cooling Program

Rebate Chart for New Construction – Residential Electric Customers Only

Rebates valid for installs between January 1 and December 31, 2022.*

Heating and Cooling Program New Construction Rebate Measures†	Single Family	Multifamily
Air-Source Heat Pump‡ AHRI Rated		
SEER 15 – Air-Source Heat Pump	\$400	\$250
SEER 16 – Air-Source Heat Pump	\$500	\$300
SEER 17 – Air-Source Heat Pump	\$650	\$400
SEER 18+ – Air-Source Heat Pump – Incentives vary by program and measure type. Ask your contractor about details and rebate opportunities.		
Ground Source (Geothermal) Heat Pump‡ AHRI Rated		
EER 23+ – Ground Source (Geothermal) Heat Pump	\$1,800	Not Available
EER requirements above are partial cooling load. Geothermal Heat Pumps are NOT eligible if the new construction residence uses natural gas as a primary heat source.		
Central Air Conditioner AHRI Rated		
SEER 15 – Central Air Conditioner	\$250	\$200
SEER 16 – Central Air Conditioner	\$450	\$350
SEER 17 – Central Air Conditioner	\$700	\$550
SEER 18+ – Central Air Conditioner – Incentives vary by program and measure type. Ask your contractor about details and rebate opportunities.		
Smart Thermostat		
Qualifying Smart Thermostats – See website for current list.	\$100	

*Rebates for new construction only. For projects that involve removing an existing system and installing a new system, please refer to the replacement rebate chart for program details.

†Offer applies only to qualifying purchases. Valid on installations performed between January 1 and December 31, 2022. Visit AmerenMissouriSavings.com/HVAC or call 1.877.215.5752 for full program details.

‡Ameren Missouri does not promote fuel switching or load building. The intent of these rebates is not to incentivize customers to use a different fuel source but to provide a portion of the cost for a more efficient unit once a fuel source has been chosen.

General Eligibility Information

- The equipment must meet the program’s eligibility requirements listed here to qualify for the rebate.
- The dwelling must be associated with a current Ameren Missouri residential electric account.
- To be eligible for participation in the program, the dwelling unit must be one of the following:
 - Single Family Eligibility**
 - Single family residence
 - Building with four units or fewer, in any configuration
 - Row house, which is defined as a single family dwelling unit that shares common vertical walls only with other single family dwelling units
 - Multifamily Eligibility**
 - Multistory, multifamily dwelling units with greater than four units that also share a horizontal surface (floor or ceiling) with another dwelling unit
- A Participating Contractor must install the qualifying equipment and that contractor must be considered a Participating Contractor by the Heating and Cooling Program at the time of installation. Participating Contractors can be located by visiting AmerenMissouriSavings.com/HVAC or calling 1.877.215.5752.
- All rebate applications and supporting documents must be submitted by a Participating Contractor within 30 days of service and by December 15, 2022.

New Construction Rebate Eligibility

- Newly installed equipment must meet or exceed the Seasonal Energy Efficiency Ratio (SEER) or Energy Efficiency Ratio (EER) levels set forth by the program above and documented by the Air-Conditioning, Heating and Refrigeration Institute (AHRI).

Contractor Eligibility and Participation

- All interested contractors are required to attend program orientation and complete a contractor participation agreement prior to offering Ameren Missouri rebates.
- Rebate applications and supporting documentation are submitted by contractors on behalf of customers.
- In order to begin the process of becoming a Participating Contractor, visit AmerenMissouriSavings.com/HVAC or call 1.877.215.5752.

Rebates for Higher Efficiency Systems

In addition to the incentives noted on this chart, Ameren Missouri works with HVAC distributors to promote the installation of higher efficiency equipment by providing rebates, education and training. For equipment such as 18+ SEER CAC and ASHP and mini/multi-split (ducted and/or ductless) systems, incentives vary by program and measure type. Ask your contractor about details and rebate opportunities.
